

## No One's Boy

Marcy Playground

Angel,  
You missed your chance  
To be the prom queen  
And so you turned  
Into a wet dream  
Star of your own video  
Late night show on the floor  
A bad girl  
No one's watching  
As you slow move  
To the rhythm  
Of this sweet sound  
Booming through the radio  
Late night show that they ignore  
Are you lonely

Cause I'm no ones boy  
I'm no ones boy  
And I'll be all you need  
Only if you plead  
Pray do  
Angel blue

If you'll be my girl  
If you'll be my girl  
I'm no ones boy  
And I'll be all you need  
But only if you'll bleed  
Pray do

Hey hey, don't walk away from me  
I found you  
I can find you
