

# Shapeshifter

**Marcy Playground**

When I was standin' on the gallows  
Nothing to say, I watched my sun go down  
And light got dark around the edges  
With no control I felt my soul go down  
When you're dead there isn't anybody else  
Nobody else at all

So darkness came upon the valley  
And all the war machines broke down, broke down  
And all the children ran for cover  
And all the animals broke down, broke down  
Ooh, well maybe they should not have  
Been quite so bold to test me  
'Cause I am the Shapeshifter  
I will have my revenge

Ooh, well maybe they should not have  
Been quite so bold to test me  
'Cause I am the Shapeshifter  
I will have my revenge
