

## Beat The Devil

Maren Morris

Ain't no holy in the water  
Ain't no washing these sins  
Hell of a prodigal daughter  
But there's no coming back from where I've been

Call me goddess of grudges  
Me and karma cut both ways  
I ain't waiting 'round for justice  
So go ahead and hand me the blade

I'm the one you heard about  
From the preacher's mouth  
You get shivers just from the sound of my name  
There's nowhere left to hide  
But I'll laugh while you try  
Baby you can't beat the devil at her own game

Darling, court is in session  
Let's see if your hands are clean  
Ain't no prayers and no blessings  
Gonna save you from your reckoning  
There's gonna be a reckoning

I'm the one you heard about  
From the preacher's mouth  
You get shivers just from the sound of my name  
There's nowhere left to hide  
But I'll laugh while you try  
Baby you can't beat the devil at her own game

Ain't no holy in the water  
Ain't no washing these sins  
Hell of a prodigal daughter  
But there's no coming back from where I've been
