

# Takes Two

Maren Morris

What have you done with yourself?  
'Cause I can't look away  
You're makin' me melt  
Now I'm runnin' late  
Keep on blamin' myself  
'Cause I got no restraint  
But I know I'm not leavin'  
You're not leavin', not today  
I shoulda known it  
And you shoulda too  
Don't know where my phone is  
And neither do you  
Don't leave the door open  
'Cause we're not gonna move  
Yeah, you know you're not leavin'  
I'm not leavin' without you

It takes two  
Takes two to love like this  
To love like this  
Yeah, it takes two  
And now you and I can't quit  
And I can't quit  
Yeah, it takes two to love like this  
Takes two to love like this  
Mmm

Look where your head is  
Look where you lay  
No, I didn't plan it  
But it's not a mistake  
You say we're addicts  
'Cause we've been here for days  
But you know you're not leavin'  
I'm not leavin' either way

Takes two  
It takes two to love like this  
To love like this  
Yeah, it takes two  
And now you and I can't quit  
And I can't quit  
Yeah, it takes two to love like this  
Takes two to love like this  
Takes two to love like this  
Takes two to love like this

Takes two  
It takes two to love like this  
To love like this  
Yeah, it takes two  
And now you and I can't quit  
And I can't quit  
Yeah, it takes two to love like this  
Takes two to love like this  
Takes two to love like this  
Takes two to love like this
