

## Blue

Mareux

Could never take my eyes off you  
I count the reasons why I I'll always stay true  
You make me feel like the first to your heart  
I think about you all twenty four hours

I'm blue  
Blue without your love  
It's true  
You're everything I want  
I knew  
Knew it all along  
It's you  
You I'm thinking of

I think of you every lonely night  
Without you here I keep off my light  
I take myself to an empty bed  
To fall asleep dream of you instead

I'm blue  
Blue without your love  
It's true  
You're everything I want  
I knew  
Knew it all along  
It's you  
You I'm thinking of
