

Choke

Mareux

This love will find a way
You make me so upset
And now I'm so obsessed
I won't forget
Calling you over and over and over again

At night I die
When I finally saw you
At night you cry
But it wasn't for me
At night I die
When I finally saw you
At night you cry
But it wasn't for me

Please speak
I'm not okay
I'm never thinking straight
Your hand is someone else's
It's more than I can take
Keep sinking over and over again

At night I die
When I finally saw you
At night you cry
But it wasn't for me
At night I die
When I finally saw you
At night you cry
But it wasn't for me
