

Come Back To Me

Mareux

My lies wears in
My dreams all over again
Disguising my words
Your actions premature

Oh come back to me
Oh come back to me
Oh come back to me
Oh come back to me

One lies across by those
Old enough to die
But I never had a chance to say goodbye so

Come back to me
Oh come back to me
Oh come back to me
Oh come back to me
Oh come back to me
