

# Laugh Now Cry Later

Mareux

It's better this way  
As it always was  
With your arms around me  
Is it what you want?  
So you tell yourself  
For the second time  
With your arms around me  
But you're letting go

Although it breaks my heart  
Don't wanna make it stop  
You're gonna string me along  
And tell me I was wrong  
So I laugh now, cry later  
So I laugh now, cry later

It's better this way  
When it's you and I  
With your arms around me  
And we're in my room  
So you tell yourself  
For the second time  
With your arms around me  
It's better this way

Although it breaks my heart  
Don't wanna make it stop  
You're gonna string me along  
And tell me I was wrong  
So I laugh now, cry later  
So I laugh now, cry later

It's better this way  
When it's you and I  
With your arms around me  
And we're in my room  
So you tell yourself  
For the second time  
With your arms around me  
It's better this way

Although it breaks my heart  
Don't wanna make it stop  
You're gonna string me along  
And tell me I was wrong  
So I laugh now, cry later  
So I laugh now, cry later
