

## Lovers From The Past

Mareux

Let's do  
What great lovers do  
I want to be  
Just like you  
But you give yourself away  
To a lover from the past

But you give yourself away  
To a lover from the past

It's simple  
You're who I live for  
Though you don't seem to think  
We're good enough for you  
For you  
For you

But you give yourself away  
To a lover from the past  
But you give yourself away  
To a lover from the past
