

# Night Vision

Mareux

She's a woman on fire  
In this moment, I yearn for her  
She's my deadly desire  
For my secrets, I'll burn

And I can't look back  
'Cause I'm not in control  
And so, she calls for me  
All the way home

I'm gonna move in closer  
To your light  
I've never felt so helpless  
Until tonight

I'm having late-night vision  
Of your glow  
I want to love you slowly  
And toast the snow

She's my deadly desire  
For my secrets, I'll burn

And I can't look back  
'Cause I'm not in control  
And so, she calls for me  
All the way home

To your light  
I've never felt so helpless  
Until tonight

I'm having late-night vision
