

I need to stay  
'Cause my heart can't take it on  
Baby it's fine  
'Cause your love is like a drug  
(I swear I always knew)  
I need to stay  
'Cause my heart can't take it on  
(It on)  
(It on)  
(It on)  
I need to stay  
'Cause my heart can't take it on  
(It on)  
(It on)  
(It on)

I say too much  
But it's almost not enough  
I need to stay  
'Cause my heart can't take it on  
Baby it's fine  
'Cause your love is like a drug  
(I swear I never knew)  
Please take my hand  
I just want to be with you  
(I swear I never knew)

I say too much  
But it's almost not enough  
I need to stay  
'Cause my heart can't take it on  
Baby it's fine  
'Cause your love is like a drug

I just want to be with you
