

Roses

Mareux

Each time I look at you, I need someone to wake me up
Your dark eyes moving closer to a plane beyond
Been dreaming of someone like you for all of my life
I thought I had you forever but you told me
"Not so fast, it's not that time"

I'm walking down your street with tears in my eyes
When we're together, I think I'm in the afterlife
A swirl of roses under our noses
You give me flight, you give me love, you give devotion

Each time we talk about us, you don't know what you want
I just want to be wanted, I'm not asking too much
It's not right to be left in the dark
It's not right to be told to wait
Tell me how does it feel when you push me away
Push me away

I'm walking down your street with tears in my eyes
When we're together, I think I'm in the afterlife
A swirl of roses under our noses
You give me flight, you give me love, you give devotion
