

# The Strangest Things

Margaret Becker

Been this way all my life  
Square peg, round hole  
You'd think I would know by now  
I'll always be stepping on somebody's toes  
I wish it wasn't that way  
But I'm totally obsessed  
And my obsessions say

I've got to love You (love You)  
With all of my heart  
I've got to please You (please You)  
With whatever I've got  
Everybody pardon me (pardon me)  
For whatever that may bring  
'Cause sometimes love makes you do  
The strangest things  
Sometimes I dance like a gypsy  
Sing too loud, play like a banshee  
Sometimes I don't eat for a week  
Spend my time talking to You on my knees  
I'm just a love driven fool  
And whatever I can do  
I'm gonna do for You

Love will make a man  
Eat locusts in the desert  
Love will make a man  
Dance wild in the streets  
Love will make a man  
Leave his house and home  
Love will make a man die willingly  
So a girl's got to do this
