

## Dance For Joy

Margaret

Take me, to the disco show  
I wanna see him in action  
Sing it loud, it's a lovely song  
You can see the people's reaction

Keep it hot, gimme a sign  
When I'm feeling free nothing else's so bright  
Never wrong, show me the line  
I can't forget how you look in my eyes

Babe DANCE FOR JOY, dance for your life  
Just another show I need for feeling fine  
Babe DANCE FOR JOY, dance all the times  
Every time you can stay out to spend the night

Stay hot, make your body move  
I started getting so cool  
Don't stop, I don't waste my time  
I won't play the game like a fool
