

Elephant

Margaret

You're such a douchebag
Comin' in here, messin' up all my space
Put down your hashtag, killin' my zen
Now it's all like a haze
You make me go, so jungle-land in my head
I wanna scream, "You, leave!", but instead you go

Dumbo dum diddy dumbo dum
Dumbo dum diddy dumbo dum
Dumbo dum diddy dumbo dum
Dumbo dum diddy dumbo dum

You're my elephant in the room
Gotta let it out real soon
Cause you're my elephant
Not irrelevant
You're my elephant in the room
You're my elephant in the room
Yeah you're reeling out of tune
Kinda hesitant bout this elephant
You're my elephant in the room

Though I kinda dig this way too big
Grey thing in my room
Yeah, mr Dumbo grows when I don't show
What is really true
I can't think, tied up, I can't get no sleep
I wanna scream, "You, leave!", but instead you grow

Dumbo dum diddy dumbo dum
Dumbo dum diddy dumbo dum
Dumbo dum diddy dumbo dum
Dumbo dum diddy dumbo dum

You're my elephant in the room
Gotta let it out real soon
Cause you're my elephant
Not irrelevant
You're my elephant in the room
You're my elephant in the room
Yeah you're reeling out of tune
Kinda hesitant bout this elephant
You're my elephant in the room

Dumbo dum diddy dumbo dum
Dumbo dum diddy dumbo dum
Dumbo dum diddy dumbo dum
Dumbo dum diddy dumbo dum

Cause you're my elephant in the room
Gotta let it out real soon
You're my e-elephant, irrelevant
My elephant in the room

You're my elephant in the room
Gotta let it out real soon
Cause you're my elephant

Not irrelevant
You're my elephant in the room
You're my elephant in the room
Yeah you're reeling out of tune
Kinda hesitant bout this elephant
You're my elephant in the room

You're my elephant
Not irrelevant
You're my elephant in the room
