

## Things You Shouldn't Do

Margot & the Nuclear So and So's

I don't know where I went  
When the bar doors closed  
And I don't know what I drank  
But I felt quite strange  
When I said goodbye  
Oh god, I'm scared  
But I can't tell you that, can I?

And I was alone for days  
When I lived in that place  
And I was a walking corpse  
When I saw your face  
You turned me off  
Mama, I'm scared  
But I already told you that, didn't I?

Now I know you're tired  
But there's some things you shouldn't do  
Like giving your time  
To people who don't care for you
