

Easy Love

Maria Mena

I've been trying to put into words just how I feel
And how this time I'm down on earth it just feels real
And I've been trying to tell my friends just how it is
But every time I don't make sense it don't sound like me

Because there's no struggle, there's no war
Nothing that we're fighting for
There are no problems, have no doubts
Don't know what I'm on about

It's an easy love
It's an easy love

You're not at all what I had in mind you're such a rush
And every time you say you're mine I start to blush
You're not a complicated man and I'm a beautiful mess
And every time you grab my hand I know it's us

Because there's no struggle, there's no war
Nothing that we're fighting for
There are no problems, have no doubts
Don't know what I'm on about

It's an easy love
It's an easy love
'Cause it's an easy love
It's an easy love

Hold on
Hold on
Hold on
Hold on

'Cause I've been trying to tell my friends just how I feel
But every time I don't make sense it doesn't sound like me

'Cause it's an easy love
It's an easy love
