

Little Did I Know

Maria Mena

You have to go all in, so I did
Jumped before I learned to swim
Anything for him, and I've
I'll never be the same again

Next time I make sure, promise
I never felt that way before
Gave this heart of mine to damage
Break about a million times

But I made it out alive
Barely survived
Said it was the last time

But little did I know
Little did I know
Little did I know (oh yeah)
Little did I know
Little did I know
Little did I know (oh yeah)

That you get second chances
When it comes to love
You get second chances

You look so goddamn sure
Have you never loved and lost before?
The way you hold my hand, so honest
I can't believe I'm doing this again

I'm cold but I've moved on, guarded
Now I only speak of them in songs
So here's to looking back, distance
And here's to mending all the cracks

'Cause I made it alive
Barely survived
Said it was the last time

But little did I know
Little did I know
Little did I know (oh yeah)
Little did I know
Little did I know
Little did I know (oh yeah)

Maybe if I'm brave this time
Maybe some good can come of this
Maybe not expect the worst
But open up to happiness
Have I learned my lesson now?
At least I know what I don't want
And maybe this time it's the one (one)

You are my second chance babe
Are you my second chance babe?
