

Stayed

Maria Mena

The second you lay down with me
I wonder when you're gonna leave
I'm risking my own sanity
By letting you this close you see

I followed my heart and it followed him down
But I can't let that happen this time around
But I wonder what you'd think of me
If you knew how

When I push you away
Don't you let me, just wait
Because there will come a day
When you're happy, you're happy
You stayed

I've been down this path before
I thought that I had shut the door
But in a moments weakness I
I let you in and closed my eyes

I feel like a fool and you look confused
How do I explain my heart's been abused?
But I know what you will think of me
If you see how soft that I can be

When I push you away
Don't you let me, just wait
Because there will come a day
When you're happy, you're happy

When I push you away
Don't you let me, just wait
Because there will come a day
When you're happy, you're happy
You stayed

That you stayed
That you stayed
You stayed
