Try Again Tomorrow

Maria Mena

If all you did today was, open your eyes
If all you did today was, turn off your phone
If all you had the energy to do today was, cry
Then you should know, that you're not alone
And it's okay to hide

If all you said today was, leave me alone
Push your friends away, and say 'go mind your own'
If all you did today was try to not feel anything, for anyone
Then you should know, you're not alone

'Cause it's okay, it's okay to feel lost, and feel tired
It's alright, you can turn off the light uninspired
And try again tomorrow, try again tomorrow
Alright
Just try again tomorrow, try again tomorrow
Alright

If all you did today was, try to survive
Force a smile and say that, everything's fine
If all you did was try to keep up appearances, a front for ever
yone
Then you should know, that you're not alone

Then it's okay, it's okay to feel lost, and feel tired
It's alright, you can turn off the light uninspired
And try again tomorrow, try again tomorrow
Alright
Just try again tomorrow, try again tomorrow
Alright

All I did today was, go back to bed
Pray for better days as I, laid down my head
