Melt Away

Mariah Carey

You come to me with a casual flow And suddenly my defenses start to go When you talk to me in that sensual tone It envelopes me and I lose my self control

And baby I just melt away Fall like rain Every time I see your face I go off I just want to break it down Anytime you come around Maybe I could melt away in your arms

Imagining that you're taking it slow
And so tenderly
'Till the feeling overflows
When you look at me I go soft and cave in
And I can't conceal that I'm slowly weakening

And baby I just melt away Fall like rain Every time I see your face I go off I just want to break it down Anytime you come around Maybe I could melt away in your arms

You and me in a cloud of reverie Spin around inside my head unendingly Thoughts run wild as I sit and rhapsodize Paint pretty pictures of what I'd do if you were mine

And baby I just melt away Fall like rain Every time I see your face I go off I just want to break it down Anytime you come around Maybe I could melt away in your arms
