Mariah Carey

When I am lost You shine a light for me and set me free When I am low You wash away my tears And take me through The loneliness And emptiness Through the darkest night Somehow I survive Through it all When you tell me I'm the only one you need Sweet and tenderly And your love Breaks away the clouds surrounding me All I have I want to give to thee If I should fall Your love is strong enough to life me up If I'm afraid You chase away my fears And take me to A brighter place Beyond the rain And I feel alright Because you're by my side Through it all When you tell me I'm the only one you need Sweet and tenderly And your love Breaks away the clouds surrounding me All I have I want to give to thee You take me through The loneliness and emptiness And I feel alright 'Cause you're by my side Through it all You tell me I'm the only one you need Sweet and tenderly And your love Just breaks away the clouds surrounding me And baby all I have I want to give to thee Want to give you all of my love

Now and forever my love All I have I want to give to thee
