Supernatural

Mariah Carey

Our love is supernatural Hey baby actually I'm for sure, they'll forever talk about our love Got me lost in the clouds Floating like ooh Keep me here always We're the only thing that's true Beautiful, that's the sum [?] mind you baby Our love is supernatural Hey baby actually I'm for sure, they'll forever talk about our love

Communicate the doubts, sayings the words aloud Heavenly, it's more than a state of mind Now that you're in my life And ooh Beautiful, as your name All my tears disappear 'Cause our love is supernatural Hey baby actually I'm for sure, they'll forever talk about our love

(You make me go)

Beautiful, as your name All my tears disappear 'Cause our love is supernatural Hey baby actually I'm for sure, they'll forever talk about our love

Make me go, on and on
