

# There's Got to Be a Way

Mariah Carey

A broken man without a home  
Desperate and so alone  
A victim of society  
No one really wants to see  
Some of us don't even wonder  
Some of us don't even care  
Couldn't we just help each other  
Isn't there enough to share

There's got to be a way  
To connect this world today  
Come together to relieve the pain  
There's got to be a way  
To unite this human race  
And together we'll bring on a change

In another land they still believe  
Color grants supremacy  
I don't understand  
How there can be  
Regulated bigotry  
Some of us don't even wonder  
Some of us don't even care  
Couldn't we accept each other  
Can't we make ourselves aware

There's got to be a way  
To connect this world today  
Come together to relieve the pain  
There's got to be a way  
To unite this human race  
And together we'll bring on a change

And maybe then the future will be a time  
Without war, destitution and sorrow  
And hungry children  
Won't have to die  
If we work together today  
We'll save tomorrow  
Some of us don't even wonder  
Some of us don't even care  
Couldn't we just love each other  
Isn't there enough to share

There's got to be a way  
To connect this world today  
Come together to relieve the pain  
There's got to be a way  
To unite this human race  
And together we'll bring on a change
