

# In My Nightmares

Mariah the Scientist

I see you in my dreams  
When I'm fast asleep tonight  
Distant memories of the days and the nights you didn't treat me  
right  
Is it the energy?  
Or is it in these tears I cry?  
Always in between you and me  
I guess I'm sick and tired

Oh oh oh ohhhh  
Oh oh oh ohhhh  
Do you hear my prayers?  
I see him in my nightmares

Brown eyes under blue skies  
Always reminisce in the moonlight  
Of when you found me on my planet  
And only took the love I gave for granted  
I don't understand the concept of men  
I'd wish to never fall in love with his friend  
If I knew that I might regret the way I feel tonight

Oh oh oh ohhhh  
Oh oh oh ohhhh  
Do you hear my prayers?  
I see him in my nightmares

Oh, oh, ooh
