

Out Of Luck

Mariah the Scientist

Can't afford you
Can't pretend, can't move forward
I'm all in, I'm all for you
I'm depending on this

If I
If I were losing you
Baby
Would you make me believe?
Believe
That I'm all out of luck, love
And if I
If I were losing you
Baby
Would you make me believe?
Believe
That I'm all out of luck, love

Is it more than a little?
You're a bit preoccupied
And you all in the middle
Baby, have you lost your mind now?
Give it up, put an end to it
I need undivided time, I'm onto you
Baby, I'm onto you

If you treat me right, you won't need another lover
Can you fantasize all the things that ever haunted
You and made you cry?
You won't need another woman
'Cause, baby, I'll be there

If I
If I were losing you
Baby
Would you make me believe?
Believe
That I'm all out of luck, love
And if I
If I were losing you
Baby
Would you make me believe?
Believe
That I'm all out of luck, love

Luck
I'm all out of luck
I'm all out of luck
