

Don't Miss You

Marian Hill

Probably should want you, but I don't
I took your number off my phone
I don't put the blame on you
It's not what I do
Probably should tell you, but I won't

I could never breathe
Had my trust and you lost it, yeah
You were changing me
Had my love and you tossed it
Tried and tried to justify the things that you do
And I did for a few and then...
I thought it through

High, I had you high
Thought it through high
I don't miss you
Aah, I don't miss you
Aah, I don't miss you
Aah, I thought it through
Aah, I don't miss you
Aah, aah...

Probably should hate you, but I don't
You never liked to be alone
Now and then I think of you
How you must be blue
Probably should tell you, but I won't

You could never see
Had my trust and you lost it, yeah
I was never free
Had my love and you tossed it
Tiny lies were amplified, I thought you were true
And you were for a few and then...
I thought it through

High, I had you high
Thought it through high
I don't miss you
Aah, I don't miss you
Aah, I don't miss you
Aah, I thought it through
Aah, I don't miss you
Aah, aah, aah

Don-don-don-don't miss you
Don-don-don-don't miss you
I don't miss you
Don't miss you
