

## Ever After

## Marianas Trench

Once upon a time  
I used to romanticize  
Used to be somebody, never mind  
Don't miss it that much now  
I think it's sinking in  
Days that I wonder where I've been  
In picture perfect porcelain  
But I won't lose a pound

You say I would make a better liar  
And never face the music when it's dire  
And I breathe disaster, ever after  
Don't pull away from me now

Don't you move  
Can't you stay where you are, just for now  
I could be your perfect disaster  
You could be my ever after  
You could be my ever after, after all  
I could be your perfect disaster  
You could be my ever after  
Apologies, I'm not myself but I can guarantee  
That when I get back, you won't believe  
That you knew me well  
Don't want to think about it  
I'm fuckin' tired of getting sick about it  
Now stand back up and be a man about it  
And fight for something, fight for something, fight for something, oh

I would make a better liar  
And never face the music when it's dire  
And I breathe disaster, ever after  
Don't pull away from me now

Don't you move  
Can't you stay where you are, just for now  
I could be your perfect disaster  
You could my ever after  
Now you could be my ever after, after all  
I could be your perfect disaster  
You could be my ever after

Nobody told ya this is gonna fold ya  
We go marching in like toy soldiers  
To have and hold ya over sold ya  
They're marching like toy soldiers

Somehow don't you dare fail, fail me now, ever after  
Somehow don't you dare fail, fail me now, ever after  
Somehow

(Face the music when it's dire)

Once upon a time  
This place was beautiful and mine  
But now it's just a bottom line  
Barely comes to mind

But ever after was mine

I'll be your disaster, ever after  
So fire away  
Goodbye
