

# Hideous

## Marianas Trench

I am not so indestructible  
So I bleed it out in phases.  
Shut it all down  
And I think I deserve  
To be okay, not anxious.

Where to begin?  
Could someone please stand up for me?  
Could someone please look out for me?  
Wish that I was thin,  
Had perfect skin.  
I feel so hideous,  
So hideous.

Don't take it  
So damn hard.  
I'm not the healthy type.  
I am not so irresistible.  
So I sit around  
And I waste all my time.  
And turn it all off  
And I think I deserve  
Not to hear voices.

Where to begin?  
Could someone please stand up for me?  
Could someone please look out for me?  
With that I was thin,  
Had perfect skin.  
I feel so hideous,  
So hideous.

Don't talk down  
To me now.  
I'm not the stable one.

It won't be long now.  
No, it won't be long.  
The whispering.  
The whispering  
Is gonna kill me.

It won't be long.  
No it won't be long.  
The whispering.  
The whispering  
Is gonna kill me

I wish that I was thin,  
Had perfect skin.  
I feel so hideous,  
So hideous.  
Where to begin?  
Would someone please stand up for me?  
Would someone please look out for me?  
A headache from the sink  
And a bullet down if anything

It won't be long now,  
Long now.
