

Eternity

Marianne Faithfull

Jump for joy
Shake with fear
This is an everlasting year
Count the changes
Coming near
Eternity is here

Look inside yourself
are burning bright
No, you can't let go
You must hold on to the light
To hold a space in time
For love to
Learn to use this power
The power to give delight

Everything we are
All we'll ever be
Everyone we've ever loved
Live within the space
That's moving with the time
Travelling at the speed of light
Touching the divine

Like with the street
Traveling at the speed of light
Touching the divine

I know that it's not over
I'm never letting go
I'll be with you forever
Constant as the river flows
