That's Right Baby

Marianne Faithfull

That's right baby, It seems to me you've won. Slip tight, baby, You had a lot of fun.

You tried to make a fool of me And I'm the fool who just couldn't see.

That's right baby, Laugh until you cry. Good night baby, But may I ask you why?

I gave you everything I had Babe, that couldn't be so bad?

I wonder why there's no tear in your eye. I wonder why there's love left for me.

That's right baby Get it while you can. Look right baby You'll see with another man.

While you're waiting all alone You'll try to call but I won't be home.
