

I'd do that for you

Do that for you  
And if your world was breaking  
I'd do that for you  
And if your world was breaking  
You'd never pick up yourself  
Even if your bones were breaking  
I'd do that for you  
Do that for you

Do that for you  
And if your world was breaking  
I'd do that for you  
And if your world was breaking  
You'd never pick up yourself  
Even if your bones were breaking  
I'd do that for you  
Do that for you

Do that for you  
And if your world was breaking  
I'd do that for you  
And if your world was breaking  
You'd never pick up yourself  
Even if your bones were breaking  
I'd do that for you  
Do that for you

Do that for you  
And if your world was breaking  
I'd do that for you  
And if your world was breaking  
You'd never pick up yourself  
Even if your bones were breaking  
I'd do that for you  
Oh, do that for you

Do that for you  
And if your world was breaking  
I'd do that for you  
And if your world was breaking  
You'd never pick up yourself  
Even if your woes were changing  
I'd do that for you  
I'd do that for you
