

# Wallflower

Maribou State

Without you, out you  
Want me to do, and do do  
And die for you

Anything you do, when you want me to  
O-oh, oh, ow, you  
And always you

Without you, out you  
Want me to do, and do do  
And die for you

Anything you do, when you want me to  
O-oh, oh, ow, you  
And always you

Without you, out you  
Want me to do, and do do  
And die for you

Anything you do, when you want me to  
O-oh, oh, ow, you  
And always you

Without you, out you  
Want me to do, and do do  
And die for you

Anything you do, when you want me to  
O-oh, oh, ow, you  
And always you

Without you, out you  
Want me to do, and do do  
And die for you

Anything you do, when you want me to  
O-oh, oh, ow, you  
And always you
