

# Crazier Things

Marié Digby

I've seen tidal waves  
People washed away  
Seen the towers fall  
Trust me, I've seen it all

Hurricanes have come  
Entire cities gone  
Snowing in July  
And no one can tell me why

I give you a million reasons to leave  
But you don't give up  
Keep calling my phone  
But I don't pick up  
Couldn't see you with me  
That sounds crazy

So why am I holding back?  
'Cause crazier things have happened  
So why not give us a try?  
Why not give love a chance?  
'Cause crazier things have happened  
And take it from me  
Crazier things have happened

Bombs are going off  
All our soldiers lost  
And who pays the cost?  
It doesn't make sense at all

I am just a girl  
I can't change the world  
'Cause it's way too tough  
So maybe I'll start with love

I give you a million reasons to leave  
But you don't give up  
Keep calling my phone  
But I don't pick up  
Couldn't see you with me  
That sounds crazy

So why am I holding back?  
'Cause crazier things have happened  
So why not give us a try?  
Why not give love a chance?  
'Cause crazier things have happened  
And take it from me  
Crazier things have happened

I was so scared to try  
'Cause I've seen other people cry  
And it seemed like it hurt too much  
To fall in love  
But I've, I've seen so much in life  
To let the world pass me by  
To let love pass me by

Not this time

So why am I holding back?  
'Cause crazier things have happened  
So why not give us a try?  
Why not give love a chance?  
'Cause crazier things have happened  
And take it from me  
Crazier things have happened  
Crazier things have happened
