Marié Digby

We sat on airplanes
Over land and the sea
Watched snow-capped mountains
Colors changin' the leaves
But out of all the places I have seen in this world
You feel like home

We rode on bicycles
Till we couldn't feel our knees
Stood by the ocean
Wondering what the hell all this means
But even when I'm lost, I'll never be alone
You feel like home, oh-oh-oh

You feel like home, oh-oh
Oh-oh

All of my life, I've been searchin' for you
You are the light that appeared inside the
Darkest night
All of my life, I've been searchin' for you
See, you are the light that appeared inside the
Darkest night

We sat on airplanes
Over land and the sea
Watched snow-capped mountains
Colors changin' the leaves
But out of all the places I will go in this world
You feel like home
