

Without a Trace

Marie Osmond

You say you're down on tryin'
You say you're dreams just don't come true
You've just lost somebody, the only one for you
And you're so brokenhearted you don't know what to do
You ask me how I know this
I used to be like you

I spent a year and a cold December
Feelin' lost and out of place
Now it's gone and I can't remember
The feelin's gone without a trace

Right now you're not lookin'
For love from anyone
You say that you're still hurtin'
You wouldn't be much fun
But lonely hearts keep changin'
And someday you will find
What's tearin' up your broken heart
Will seldom cross your mind

I spent a year and a cold December
Feelin' lost and out of place
Now it's gone and I can't remember
The feelin's gone without a trace

You've got to realize the weight
Of what you're feelin' is all gone

I spent a year and a cold December
Feelin' lost and out of place
Now it's gone and I can't remember
The feelin's gone without a trace

Everything is back in place
