

# No Caffeine

Marika Hackman

Occupy your mind  
Don't stay home  
Talk to all your friends  
But don't look at your phone  
Scream into a bag  
Try to turn your brain off  
Make a herbal tea  
Don't throw up  
Remember how to breathe  
Maybe try and fuck  
Stay away from love  
Maybe take your clothes off

'Cause you got me good  
And I feel so stupid

Now we're doing it all the time  
We only have the night  
We only have the...

Take a day off work  
Call your mum  
Have a glass of wine  
Stay away from fun  
Pretend like you don't care  
Pretend to take the night off

Try to get some sleep  
No caffeine  
Go to see Louise  
Maybe watch TV  
Don't forget to wash  
Don't become a write-off

'Cause you got me good  
And I feel so stupid

Now we're doing it all the time  
We only have the night  
We only have the...

'Cause you got me good  
And I feel so stupid

Now we're doing it all the time  
We only have the night  
We only have the...
