

# Living In F E a R

Marillion

Our wide eyes  
Aren't naive  
They're a product of a conscious decision  
The welcoming smile is the new Cool  
The key left in the outside of the unlocked door  
Isn't forgetfulness  
It's a challenge to change your heart  
There's always a price to pay  
Living in f e a r is so very dear  
Can you really afford it?

We've decided to risk melting our guns as a show of strength  
We've decided to risk melting our guns as a show of strength  
As a show of strength

Our wide eyes are not so weak  
They're a product of a hard-won wisdom  
So we will turn the other cheek  
The apple pie cooling on the windowsill  
Is such a welcome change from  
Living in f e a r  
Year after year after year  
Can we really afford it?  
Can you really afford it?

We have decided to start melting our guns as a show of strength  
As a show of strength  
We decided to leave the doors unlocked, our face unlocked  
As a show of strength

We're not green  
We're just pleasant  
We're not green  
We're just pleasant  
We're not green  
We've decided to start melting our guns as a show of strength

Our wide eyes aren't naive  
They're a product of a kind of exhaustion  
Will there come a time when we believe  
The only way ahead is to put down our arms  
When we finally know  
The bitter consequence of not doing so  
There's such a price to pay  
For living this way  
Living this way

We don't invite crime  
We don't invite crime

Will you let one lost soul change what we stand for?  
I don't think so

What a waste of time  
The Great Wall of China  
What a waste of time  
The Maginot line

The Great Wall of China  
Chto za trata vremeni  
Berlinskaya stena  
What a waste of time  
Die Berliner Mauer  
What a waste of time  
What a waste of time
