

# The New Kings (I) Fuck Everyone and Run

Marillion

We are the new Kings  
Sailing our seas of diamonds and gold  
We are the new Kings  
Seldom seen, elsewhere and unknown  
We are the new Kings  
Buying up London from Monaco  
We do as we please  
While you do as you're told

Fuck everyone and run  
Fuck everyone and run  
Fuck everyone and run  
Fuck everyone and run

Tony, not Anthony ...suitably masked  
Nassau Bahamas, Geneva, Luxembourg ...no questions asked  
Our world orbits yours and enjoys the view  
From this height we don't see the slums and the bums on the street  
Or the mums on the game

Fuck everyone and run  
Fuck everyone and run  
Fuck everyone and run  
Fuck everyone and run

We're too big to fall  
We're too big to fail  
We're too big to fall  
We're too big to fail  
And when we do...  
It's down to you

We're too big to fall  
We're too big to fail  
Too big
