

# Four Rusted Horses

Marilyn Manson

Who'll ride this dying carousel?  
Four rusted horses strangled by their own rope  
What children love is singing "we'll know that their tied hearts sit  
broke,"  
"That their tied hearts sit broke"

Everyone will come, everyone will come to my funeral  
To make sure that I stay dead  
Everyone will come, everyone will come to my funeral  
To make sure that I stay dead

I can see the coffin shining through my tinted window  
Must've missed the sign that said it was a fire sale  
I can see the coffin shining through my tinted window  
Must've missed the sign that said it was a fire sale

Everyone will come, everyone will come to my funeral  
To make sure that I stay dead  
Everyone will come, everyone will come to my funeral  
To make sure that I stay dead

You can't take this from me (forbidden in Heaven and useless in Hell)  
You can't take this from me (forbidden in Heaven and useless in Hell)  
Useless in Hell

I can see the coffin shining through my tinted window  
Must've missed the sign that said it was a fire sale

Four rusted horses strangled by their own rope  
What children love is singing "we'll know that their tied hearts sit  
broke,"  
"That their tied hearts sit broke,"  
Now that their tied hearts sit broke
