

WE KNOW WHERE YOU FUCKING LIVE

Marilyn Manson

Let's make something clear
We're all recording this as it happens
No diamond bullets, storefront blood bank
Splinters and stained glass
We don't need to move a single prayer bone
Dodge burn so loud and so low
We don't need to move a single prayer bone
Hi-def is still life

So what's a nice place like this
Doing 'round people like us?
So what's a nice place like this
Doing 'round people like us?

We know where you fucking live
We know where you fucking live
We'll burn it down, burn it down
They won't even recognise your corpse

The world was stripped of its superficial surfaces
We don't intend to just eat the street
The asphalt is the good meat

We will sleep on the skin of it's nightmares
We will sleep on the skin of it's nightmares
Time to just kill this crowd, scream as fuckin' loud

We know where you fucking live
We know where you fucking live
We'll burn it down, burn it down
They won't even recognise your corpse

Fire fire fire fire fire away
Fire fire fire fire fire away
Fire fire fire fire fire away
Fire fire fire fire fire fire fire away

I love the sound of shells hitting the ground, man
I love the sound of shells hitting the ground
I love it

I love the sound of shells hitting the ground, man
I love the sound of shells hitting the ground
I love it
I love it

Fire fire fire away
Fire fire fire away
Fire fire fire, fire fire fire
Fire fire fire, fire fire fire, fire fire fire

We know where you fucking live
We know where you fucking live
We'll burn it down, burn it down
They won't even recognise your corpse

We know where you fucking live

We know where you fucking live
We know where you fucking live
We know where you fucking live
We know where you fucking live
We know where you fucking live
I know where you fucking live
We know where you fucking live

So what's a nice place like this
Doing 'round people like us?
So what's a nice place like this
Doing 'round people like us?
