

Save Yourself

Marina Kaye

I worry about myself sometimes
Never open up, so afraid to trust
I'm selfish and I cross the line
And I think too much, when it comes to us

Through falling tears and flames still burning
You walk with me hand in hand
Don't have the heart to tell you where we're heading
So save yourself

Run, before the walls cave, ground breaks beneath us
Run, I promise you heartache, mistakes and weakness

These smoke and mirrors hide my past
You never judge and you hold me up
Don't wanna be the one to crash
But I see it coming, I see it now

Through falling tears and flames still burning
You walk with me hand in hand
Don't have the heart to tell you where we're heading
So save yourself

Run, before the walls cave, ground breaks beneath us
Run, I promise you heartache, mistakes and weakness
It's killing me to be so cold
When you're the one I need the most
So run, before the walls cave, and save yourself

(Run run run) It's killing me
(Run run run) To be so cold
(Run run run) When you're the one
(Run run run) So save yourself
Run, before the walls cave, ground breaks beneath us

Run, before the walls cave, ground breaks beneath us
Run, I promise you heartache, mistakes and weakness
It's killing me to be so cold
When you're the one I need the most
So run, before the walls cave and save yourself
