

# Twisted

Marina Kaye

I don't wanna hurt you  
Know you make my grey skies blue  
And heart bleed red  
And I don't wanna lose it  
(And I don't wanna lose it)  
Babe I gotta warn you  
You don't know what I've been through  
And know what's in my head  
And I don't wanna lose it  
(And I don't wanna lose it)

You don't wanna see my dark side  
You don't wanna see me undone, untied  
Twisted, I'm twisted  
You don't wanna hold the real me  
'Cause all I am, and all I'm underneath  
Is twisted, I'm twisted

I am not a sad girl  
I am not a bad girl  
I'm sorry if you never understand it  
I wish that we could go the way you planned it  
I am not a sad girl  
I am not a bad girl  
No, it's not getting better when you kiss it  
'Cause baby, now I'm just a little twisted

You're steady like the sunrise  
I'm pulling on the blinds so fast  
You can't get through  
And I don't wanna lose it  
(And I don't wanna lose it)  
'Cause I don't wanna be the sharp knife  
The memory that haunts your nights  
Till you're broke in two  
And I don't wanna lose it  
(And I don't wanna lose it)

You don't wanna see my dark side  
You don't wanna see me undone, untied  
Twisted, I'm twisted

I am not a sad girl  
I am not a bad girl  
I'm sorry if you never understand it  
I wish that we could go the way you planned it  
I am not a sad girl  
I am not a bad girl  
No, it's not getting better when you kiss it  
'Cause baby, now I'm just a little twisted

I am not a sad girl  
I am not a bad girl  
I'm sorry if you never understand it  
I wish that we could go the way you planned it  
I am not a sad girl  
I am not a bad girl

No, it's not getting better when you kiss it  
'Cause baby, now I'm just a little twisted
