

Visions

Marina Kaye

You say it, but you don't really say it
Tell me are we tainted
The passion's left the room, oh

Coz I got visions
I got visions of you and I leaving alone, tonight
I got visions
I got visions of you and I leaving alone, tonight

Crazy, maybe, we been, shady
Going, nowhere, low down,
I'll be on the run
I'll be on the run, tonight

Locked out,
Through the key I clocked out
So if you see me dancing
I'll be on my own, tonight

Coz I got visions
I got visions of you and I leaving alone, tonight
I got visions
I got visions of you and I leaving alone, tonight

Crazy, maybe, we been, shady
Going, nowhere, low down,
I'll be on the run
I'll be on the run, tonight

Decisions, visions, no opinions
I don't, care for, all that
Coz I'll be on the run
I'll be on the run, tonight

Visions
I got all these visions
All these dark decisions, tonight

Crazy, maybe, we been, shady
Going, nowhere, low down,
I'll be on the run
I'll be on the run, tonight

Decisions, visions, no opinions
I don't, care for, all that
Coz I'll be on the run
I'll be on the run, tonight
