

Power & Control

Marina & the Diamonds

Give a little, get a lot,
That's just how you are with love.
Give a little, get a lot,
Yeah you may be good looking,
But you're not a piece of art

Power & control,
I'm gonna make you fall.
Power & control,
I'm gonna make you fall
Women and men, we are the same,
But love always be a game
We give and take a little more
Eternal game of tug and war

Think you're funny, think you're smart,
Think you're gonna break my heart.
Think you're funny, think you're smart,
Yeah you may be good looking,
But you're not a piece of art.

Power & control,
I'm gonna make you fall.
Power & control,
I'm gonna make you fall
Women and men, we are the same,
But love always be a game
A human vulnerability
Doesn't mean that I'm weak

That I am weak

Power & control,
I'm gonna make you fall.
Power & control,
I'm gonna make you fall
Women and men, we are the same,
But love always be a game
A human vulnerability
Doesn't mean that I'm weak

I'm gonna make you fall
We give and take a little more,
'Cause all my life I've been controlled,
You can't have peace without a war.
