

# PRINCESS OF POWER

Marina & the Diamonds

A tale as old as time  
A story just like mine  
You've been hurt by those who were supposed to treat you right  
But love is our design

I confused love with control  
Love with manipulation  
My past has taken its toll  
This spaceship has left the station

I'm gonna change my whole life  
I've had a revelation  
Just had to leave you behind  
I can't be lost in translation

I've been hurt by those who were supposed to treat me right  
But love is my design

I lived the sweet and I lived the sour  
Been living life locked up in tower  
But now I'm blooming like a flower  
Welcome to my world! Princess of power  
Stuck in a loveless generation  
Ready to go through a transformation  
I'm gonna glow like a meteor shower  
Welcome to my world! Princess of power

Big love  
Big aura  
Big heart  
Big adorer  
Big love  
Big aura  
Big heart  
Big adorer

I paint my eyes baby blue  
Red stars, they shine in my view  
Looking like a super heroine  
I taught myself how to love again

I've been hurt by those who were supposed to treat me right  
But love is my design

I lived the sweet and I lived the sour  
Been living life locked up in tower  
But now I'm blooming like a flower  
Welcome to my world! Princess of power  
Stuck in a loveless generation  
Ready to go through a transformation  
I'm gonna glow like a meteor shower  
Welcome to my world! Princess of power

It's not too late to change the way you love, the way you care  
'Cause love is in the giving, not on the receiving end  
You see, love don't make you weak  
It's a superpower in me

Can't you see?  
It set me free

I lived the sweet and I lived the sour  
Been living life locked up in tower  
But now I'm blooming like a flower  
Welcome to my world! Princess of power  
Stuck in a loveless generation  
Ready to go through a transformation  
I'm gonna glow like a meteor shower  
Welcome to my world! Princess of power

Big love  
Big aura  
Big heart  
Big adorer  
Big love  
Big aura  
Welcome to my world! Princess of power
