

Can't Stop Me

Mario Judah

(Ayy man, where the fuck is Mario Judah?)
I will fight all night

No one can stop me
No one can stop me
No one can stop me (Yeah)
No one can stop me
No one can stop me
No one can stop me
No one can stop me (Yeah)
No one can stop me

What I want, I will take
What I have, I would keep
What I see, I will break
Your soul now belongs to me
Prepare to cry because your life is mine
Don't you dare think to go run and hide
Prepare to die because you're right outside
There is no help located in sight

No one can stop me
No one can stop me
No one can stop me (Yeah)
No one can stop me
No one can stop me
No one can stop me
No one can stop me (Yeah)
No one can stop me

(Ayy man, where the fuck is Mario Judah?)
