

Kill All The Enemies

Mario Judah

Kill all the enemies, kill all the enemies
Kill all the enemies, kill all the enemies
Kill all the enemies, kill all the enemies
Kill all the enemies, kill all the enemies

Start the war (Start the war)
We will fight (We will fight)
Fight to kill (Fight to kill)
Dominate, I'm filled with pain, oh
Bring the rage, the rage

I will not let you control me
I will not let you betray me
I will not let you control me
I will not let you betray me
I will not let you control me
I will not let you betray me
I will not let you control me
I will not let you betray me

Start the war (Start the war)
We will fight (We will fight)
Fight to kill (Yeah, yeah)
Ignite the fire in me
I will not furthermore be controlled
Kill all the enemies, kill all the enemies
