

# Care for You

Mario

Can a man be so blind  
That this vision can't be mine  
'Cause the shore won't draw the line  
When water rides in with the tide

And for once I am driftin'  
But not on my own  
And now I'm right where I should've been  
Here with you all along

Open me and delete  
All those nights I was weak  
I gave up while you held it down  
You're still here but I know  
That your heart's gettin' cold  
I'm holdin' tight, it's gettin' real now

'Cause I can't lose you  
'Cause I care for you  
I can't lose you  
I care for you  
I care for you  
I care for you

Sometimes I don't ask for help  
And you don't wanna open up  
And when you see my tears right now  
You want me to clean 'em up  
All these hateful words  
Usin' them to stab me

Even though it hurts  
You can throw 'em at me baby  
It takes a man to admit he messed up  
But girl you gotta be fair

'Cause I can't lose you  
'Cause I care for you  
I can't lose you  
I care for you  
I care for you  
I care for you, yeah

(I can't lose)  
Open me and delete  
All those nights I was weak  
And you held it down  
(I care for you)  
You're still here but I know  
That your heart is gettin' cold  
It's gettin' real now

(I can't lose)  
All these hateful words  
Usin' them to stab me  
Even though it hurts  
(I care for you)

You can throw 'em at me  
'Cause I can't lose you baby

I can't lose you  
'Cause I care for you  
I can't lose you  
I care for you  
I care for you  
I care for you, yeah
