

# Cheat Sheets

Mario

Oh oh oh oh,  
Cheat sheets..

Lonely night  
Week after the fight  
Out of control  
Shit just wasn't right  
Just got a text, are you free for the night?  
And I say yes, what time you coming by.  
She came over, I started doin' my thing  
(Take her clothes off, throw her on the bed)  
In the middle of it all  
I heard the doorbell ring..  
Oh

She came home a day early  
and saw the cheat sheets.  
She probably was testing me,  
and found my cheat sheets.  
She heard somethin' movin it was on the second floor,  
She went to the bedroom and opened up the door,  
That's when she seen the other girl  
wrapped up in the cheat sheets.  
Oh, Oh, Yeah, Yeah

Tears in her eyes  
Wanting to rewind  
'How can you take his word?' I reply.  
Then she said 'I was wrong, but now this was me'  
Tricks are for kids, so move out of the way.  
Then I said 'Baby don't go! I'm on my knees!'  
She said 'Why should I stay?! Baby she's in my sheets!'  
Whoa-Oh

She came home a day early  
and saw the cheat sheets.  
(she saw my, my, my)  
She probably was testing me,  
and found my cheat sheets  
(I knew I was wrong)  
She heard somethin' movin it was on the second floor,  
She went to the bedroom and opened up the door,  
That's when she seen the other girl  
wrapped up in my cheat sheets.

I know I need to think it through,  
and I never should have cheated girl.  
Everything I promised was only misleading you to me.  
Never should have thrown away our love;  
It was all I had..  
Baby, now I'm suffering  
It's lookin' like a tragedy  
I broke a heart that can't be fixed.  
I'm feelin' so sick.  
Ohhh..

She came home a day early

and saw the cheat sheets.  
She probably was testing me,  
and found my cheat sheets.  
She heard somethin' movin it was on the second floor,  
She went to the bedroom and opened up the door,  
That's when she seen the other girl  
wrapped up in the cheat sheets.
